Objective:

Motivated Computer Engineering student with hands-on experience in web development and a strong interest in cybersecurity. Passionate about building secure and user-friendly applications, while preparing for a career in cyber defense and IT security. Seeking opportunities to contribute technical skills, problem-solving ability, and creativity in real-world projects.

Education:

B.Tech in Computer Engineering

JSPM's Bhagwant Institute of Technology (2022 – Present)

- Current CGPA: 7.0/10 (expected graduation: 2026)

- Relevant Coursework: Data Structures, Computer Architecture, Operating Systems, Cybersecurity.

Skills:

- Programming: C, C++, Python, JavaScript
- Web Development: HTML, CSS, JavaScript, React.js
- Tools & Platforms: GitHub, VS Code
- Database: MySQL, MongoDB (basics)
- Cybersecurity: Phishing detection projects, Wireshark, Nmap (basics)
- Soft Skills: Problem-solving, Teamwork, Communication, Adaptability

Projects:

- Weather Dashboard Web App:
 - - Built using HTML, CSS, JavaScript, and OpenWeather API.
 - - Features: Current weather, 5-day forecast, search history, error handling, and responsive design.
- Shashank's Food – Online Food Ordering Website:
 - - Multi-page responsive site (Home, Menu, About, Contact, Order).
 - - Implemented localStorage for dynamic order handling.
- Inventory Management System:

- - Developed with HTML, CSS, and JavaScript.
- - Features: Sign up/login, add product, product list, product search using localStorage.
- PhishGuard – Detect Phishing URLs:
 - - Created a system to detect phishing websites using simple backend + frontend interface.
 - - Demonstrates early interest in cybersecurity field.

Experience:

- Assisted in frontend development tasks and debugging UI issues.
- Gained experience in real-world project workflows and version control using Git.

Certifications:

- Web Development - Training Completion - AcmeGrade.
- “ C “ Programming INTENSHP.
- Hackathon (National Level, CHAKRAVYUH 1.0) – Land Ownership Verification with Blockchain (SVERI’s College of Engineering, Pandharpur).
- Workshop – AI for Students: Build Your Own Generative AI Model (June 2025) – Anudip Foundation.
- Career Management Essentials – IBM SkillsBuild (via Anudip Foundation).
- Artificial Intelligence Fundamentals – IBM SkillsBuild (via Anudip Foundation).

Achievements:

- Built multiple mini-projects independently as part of coursework and personal learning.
- Active participant in hackathons and coding events.
- Preparing for Cyber security career.

Languages:

- English – Professional proficiency
- Hindi – Fluent
- Marathi – Native
